## Conditions of sale and delivery

To reduce the number of pages we send you with every quotation, we are taking advantage of the internet to direct you to Molecular Devices Terms and Conditions of sale on our website. Please read the important statement below carefully. This quotation, and Molecular Devices TERMS AND CONDITIONS (the "TERMS") which are incorporated by reference into this quotation and any resulting contract, set forth the terms on which Molecular Devices is offering to sell the product(s) or service(s) listed in this quotation. By issuing a purchase order or otherwise ordering or accepting product(s) or services, you expressly confirm that you intend to be bound by and agree to the terms of this quotation and the TERMS to the exclusion of all other terms not expressly agreed to in writing by an authorized representative of Molecular Devices, and that the purchase and sale transaction between you and Molecular Devices is subject to and will be governed by this quotation and the TERMS.

The TERMS can be found on Molecular Devices website at <http://www.moleculardevices.com/terms-and-conditions#Germany>. To obtain a copy of the TERMS or if you have any questions, please call Molecular Devices customer service department at 800 665 32860.

All orders must be submitted in writing (email, or post) and made out to Molecular Devices. The email & company addresses are at the top of this listing. The buyer assures the seller that he is familiar with the U.S. Is familiar with the Foreign Corrupt Practices Act 1977, as amended (FCPA), complies with the FCPA, and will not take any action that would violate the FCPA by the buyer or seller.

All deliveries are made FCA (Free Carrier) forwarding facility of the seller (Incoterms® 2010), whereby the freight is prepaid and is included in the invoice issued by the seller to the buyer. All products are air freighted from the seller's shipping facility. The ownership of every delivery of the products sold in accordance with the contract and the risk of loss pass to the buyer as soon as the seller or his agent offers such a delivery to the carrier. Terms of payment: 30 days net from dispatch, subject to credit approval.

Terms of payment (installation and / or training): 30 days net after installation and / or training has been completed, subject to credit approval.

Payment Terms (Full-service plan – Compliance Assurance, Performance Assurance, Essential Protection): 30 days Net from date of invoice, subject to credit approval. The fixed-price service plan cannot be cancelled after into comes into effect).

Shipping and handling fees will be charged depending on the size and weight of the package. Prices are exclusive of sales tax, consumption taxes, usage taxes or other taxes currently or subsequently applicable or incurred as a result of this transaction. The payment terms are 30 days from dispatch.

The estimated shipping period for BioResearch, Drug Discovery and BioPharma devices is 21 calendar days from receipt of the order and acceptance by Molecular Devices (Germany) GmbH. The estimated shipping period for "customization" devices or products is 8 weeks from receipt of the order and acceptance by Molecular Devices (Germany) GmbH. An early dispatch takes place with positive availability.

Consumables and reagents are normally dispatched within 48 hours of receipt of the order and acceptance by Molecular Devices (Germany) GmbH. Standing Orders processed by Molecular Devices, LLC, shall be delivered to the customer within 12 months from the date of the order and invoiced accordingly.

customer care portal

## SpectraNet – Best-in-class, customer care portal

Spectranet, an intuitive, simple-to-use, self-service portal available 24/7.

Our customer care portal provides a new level of experience – from instrument management, to knowledge base articles, to service requests – Spectranet is designed to get our customers back to their research, quicker and easier than ever before

With the purchase of your system, get full access to integrated content and world-class service and support.

### **Register your instruments**

Keep track of your instrument(s) – review warranty, service plan, or request service all in one dashboard.

### **File a support ticket**

Getting support has never been easier—ask a question, request information, or submit a support ticket and quickly check status on your account.

### **Track your Service Plans**

Keep track of service plans for each instrument. Know when plans are up for renewal, and ensure there are no gaps in coverage.

### **Read Knowledge Base articles**

Search, read, and bookmark thousands of Knowledge Base articles written by Ph.D. level scientists.

### **View additional resources**

Find all resources related to your instruments in one place – application notes, safety data sheets, certificates of analysis, videos, and user guides.
